

UP North Lodge the first trip of the year 19 April, 2008

The weather held, and 8 die hards drove down to the UP North Lodge for our first event this year. Scavenger King and Queen (aka Brian and Karen) led the way with their newly modified Vette. While we only had a few drivers, 36 club members attended and enjoyed some quality food and beverages. As usual, there was a lot of discussion about the America's sportscar, racing, future purchases, stories of winter survival, and a general renewal of friendships. We have a great club schedule out in front of us, so hope you can attend one of the upcoming events.
